Foreword	13
About the Author	15
Acknowledgements	17
So There We Were	17
What's New, Pussycat?	17
Changes to This Book.....	18
Changes In This Revision.....	19
People to Thank.....	19
Introduction	23
Who Is This Book For?.....	23
What's the Plan?	23
Conventions	25
Errata	25
Why So Little 3rd Party Code?.....	25
Why Did You Do It *That* Way?	26
Getting Setup	27
License Type	27
Where to Install	27
Installing ExpressionEngine	27
Book-Specific Installation Configuration.....	28
Editing Templates.....	28
Companion Files	28
Chapter 1: Loading a Static Template and Stylesheet	31
Upload the Template Images	31
Edit CSS to Add the Site URL Variable.....	33
Template Organization	35
Create a Template Group.....	35
Create a CSS Template	37
Copy/Paste in the CSS Code.....	38
Turn on Template Revision History	38
Edit Image Paths in HTML.....	40
Loading the HTML into EE.....	40
Edit the CSS Link in the HTML File	41
The Results.....	41
Not Working?.....	43

Chapter 2: Making DRY Chunks of the Main Template	45
Are you down with DRY?	45
User Defined Global Variables	45
Snippets.....	46
Embedded Templates	47
Which One to Use?.....	47
What to Chunk?.....	48
Chunking Plan.....	49
Create a New Template Group.....	50
On to the Chunking!	51
Chunking an Embedded Template	51
Chunking a Snippet	53
Lather, Rinse, Repeat.....	55
After Chunking.....	57
The Results.....	58
Not Working?.....	60
Chapter 3: Moving into the Index Template	61
Title Tag.....	61
Editing the Masthead	62
Tweaking Navigation	63
The Results.....	64
Not Working?.....	65
Chapter 4: Beer and Planning Time!.....	67
Developing a Data Structure.....	67
Developing a Template Structure.....	68
ExpressionEngine URLs.....	69
One Big Bucket.....	69
More Buckets	70
Index.php Removal.....	72
ExpressionEngine Architecture Screencast	72
Chapter 5: Implementing a Channel and Channel Field Group to Hold Home Page Content	73
Creating the Home Page Channel	73
Creating a Simple Content Channel Field Group.....	74
Adding a Field to the New Field Group	75
Assigning the New Channel Field Group to the New Channel	78
Removing Content from the Template	81
Publishing Content into Channel Posts	81
Adding EE Tags to the Index Template	83
The Results.....	84
Not Working?.....	86

Chapter 6: Implementing a Miscellaneous Content Channel and Using Embed Variables..... 87

Miscellaneous Content Channel..... 87
Creating the Miscellaneous Content Channel..... 88
Modifying the Embedded Template..... 90
Modifying the Site/Index Template 91
URL Titles 92
Modifying the Embedded Template..... 92
The Results..... 94
Not Working?..... 95

Chapter 7: Moving Footer Content and EE Conditionals..... 97

Moving the Footer Content to the Miscellaneous Channel 97
Copying the Footer Content into a Channel 98
Modifying the Footer Snippet 99
Results..... 101
Not Working?..... 102

Creating the About Channel..... 103
Publishing Content to the New About Channel 104
Publishing a Section Intro for the About Page..... 104
Creating a New Template Group 104
Editing about/index 104
Updating the Main Navigation..... 105
The Results..... 107
Not Working?..... 109

Chapter 9: Building Page Titles and Setting Navigation

Active State Dynamically..... 111

Modifying the HTML Header Template 111
Modifying the Page Templates 112
Dynamic Navigation Styling..... 113
Modify the Page Templates 113
Modify the Page Header Template..... 114
The Results..... 116
Not Working?..... 118

Chapter 10: Building Product Content Structures 119

Product Images File Upload Destination..... 119
Create An Image Manipulation..... 120
Test Your Settings 123
Create a Category Images File Upload Destination 124
Upload Images & Synchronize 125
Create the Products Channel..... 127

Create the Channel Field Group.....	127
Fill Out the Fieldset	127
Create the Category Group	130
Add Categories.....	130
Connect the Channel, Category Group and Field Group.....	133
The Results.....	134
Not Working?.....	134
Chapter 11: Publishing Content with Text, Images.....	135
and Other Files.....	135
Enter Content	135
Entering Text.....	137
Selecting Files Using the File Field Type.....	138
Images All Willy-Nilly	140
Managing Uploaded Files.....	142
Editing Images	143
The Results.....	145
Not Working?.....	146
Chapter 12: Starting on the Products Templates.....	147
Templates Needed	147
Creating a Products Template Group	147
Creating the Product Index Template.....	148
Editing the Product Index Template.....	148
Updating the Main Navigation.....	149
Getting There	150
Section Intro.....	151
The Category Listing	151
The Results.....	153
Not Working?.....	154
Chapter 13: Adding Category Images and Custom Category Fields	155
Custom Category Fields	155
The Updated Products Template.....	158
The Results.....	160
Not Working?.....	161
Chapter 14: Adding Product Category Pages	163
The Category Template	163
Category Links	166
Category URL Titles in Links.....	169
The Results.....	170
Not Working?.....	170
Chapter 15: Adding Product-Specific Pages	171

The Product Detail Template	171
Updating the Product List Template.....	172
The Results.....	174
Not Working?.....	176

Chapter 16: Using Plugins to Make Content

Management Easier	177
What We're Aiming For.....	177
Snippet Version 1	178
Version 1 Results.....	179
Snippet Version 2	181
Version 2 Results.....	182
Plugins to the Rescue.....	184
What Are Plugins?.....	184
Where Do You Find Plugins?	184
How Do You Decide Which Plugins to Use?	185
Installing Plugins.....	186
Once Installed, How Do You Use Them?	187
Template Version 3	187
Version 3 Results.....	188
Template Version 4	190
Version 4 Results.....	190
Not Working?.....	192

Chapter 17: Implementing the Services Section	193
Content Relationships	193
New Services Channel	194
Shortcuts	194
Content Entry	196
Template Tweaking - Index	196
Another Custom Category Field	197
Template Tweaking - List	198
Template Tweaking - Detail	200
New Post in Miscellaneous Content Channel	200
Updating Main Navigation	201
The Results	201
Not Working?	205
Chapter 18: Using Categories to Display Services	
Related to Products and Vice-Versa	207
New Related Services Snippet	207
New Related Products Snippet	208
Editing the Products Category Template	209
Editing the Services Category Template	209
The Results	210
Not Working?	212
Chapter 19: Beginning the Weblog Implementation	
and Using Segment Variables	213
Weblog Implementation Overview	213
Create Data Structures	214
Enter Content	217
New Template Group	218
Weblog Main Templates - Index	218
Update Main Navigation	222
The Results	223
Not Working?	225
Chapter 20: Finishing the Weblog Index Template	227
Snippet - Weblog Categories	227
Snippet - Weblog Monthly Archives	228
Edit Weblog Index Template	229
Sidebar Latest News	230
Tweak the Snippet	230
The Results	232
Not Working?	234

Chapter 21: Implementing the Weblog	
Comments Template.....	235
Channel Configuration	235
Weblog Main Templates - Comments.....	236
Embedded Template - Entry Comments.....	239
Why Embedded?	242
The Results.....	243
Not Working?.....	244
Managing Comments.....	245
Preventing Comment Spam	247
Other Spam Tools.....	248
Chapter 22: Implementing the Weblog RSS Feed	249
What is RSS?	249
Weblog Main Templates - RSS.....	249
Snippet - Syndicate Block.....	252
Edit Weblog Parent Templates.....	252
Autodiscovery Code	252
The Results.....	253
Not Working?.....	257
Chapter 23: Implementing the Contact Form.....	259
Email Module.....	259
New Template Group	260
The Contact Us Template Code.....	260
Enter Content	262
Update Main Navigation.....	262
The Results.....	262
Not Working?.....	264
Need More?.....	264
Chapter 24: Implementing the Search Function.....	265
Hooking Up the Search Engine.....	266
Configuring Channel Fields.....	266
Placing the Search Code	267
Create a Search Template Group	269
Create the No Results Template.....	270
Test	271
Search Results	272
Edit the Search Template Group Index Template.....	272
Search Results	273
{auto_path}	275
{excerpt}	277
The Results.....	279
Better Results	279
Not Working?.....	280

And Done! Oh, Wait.....	280
Chapter 25: 404 Management.....	281
Create a 404 Template.....	281
Configuring Global Preferences.....	282
Validating the First URL Segment - Strict URLs.....	283
Home and About Index Templates.....	284
Products, Services and Contact Index Templates.....	289
Products and Services List Templates.....	292
Products and Services Detail Templates.....	293
Weblog Templates.....	297
Still Using index.php?.....	299
The Results.....	301
Not Working?.....	302
Chapter 26: Improving Performance.....	303
Dynamic Channel Query Caching.....	304
Template Caching.....	304
Tag Caching.....	307
Query Disabling.....	307
Tracking Preferences.....	308
Gzip Output.....	308
Advanced Conditionals.....	309
Enough Theory!.....	310
Output Profiler.....	310
An A/B Test.....	311
The Results.....	312
Not Working?.....	313
Other Performance-Related Links:.....	313
Chapter 27: Configuring for Client Access.....	315
Member Group Overview.....	315
Create a Member Group.....	316
Other Permissions.....	322
Create Client Login.....	325
Login as Client.....	327
Tweak the CP.....	329
Tweak the Publish Page.....	333
<i>Overall Approach</i>	337
Results.....	340
Not Working?.....	342
Bonus Chapter: Extending ExpressionEngine with Matrix from Pixel & Tonic.....	343
System Requirements.....	346
Getting Matrix.....	346

Installing Matrix.....	346
Configuring Matrix.....	348
Adding Content into Matrix.....	351
Displaying Matrix Content	351
The Results.....	353
The Results.....	356
Not Working?.....	358
And That's Just the Basics.....	358
Conclusion	361
You've Come A Long Way, Baby!	361
Next Steps?	362
Support Notes.....	362
Thanks!	363
